30
31 Ms. Loucks stated JAPC did not agree with the board on the following:

- 32
33
 - Does not appear that the board is authorized to establish standards of practice
34 for the practice of chiropractic medicine.
 - Require chiropractic physician to take an examination to supervise, perform or
35 interpret electyrodignostics other than those examinations set forth in Section
36 460.406, F.S. Further, it also appears that requiring these chiropractic
37 physicians to take this examination may create an unauthorized level of
38 licensure for chiropractic physicians. It appears to enlarge upon the
39 provisions of chapter 460, F.S.

25
26 The Board of Chiropractic Medicine invites and encourages all members of the public to
27 provide comment on matters or propositions before the Board or a committee of the
28 Board. The opportunity to provide comment shall be subject to the following:

- 29 (1) Members of the public will be given an opportunity to provide comment on subject
30 matters before the Board after an agenda item is introduced at a properly noticed
31 board meeting.
32 (2) Members of the public shall be limited to five (5) minutes to provide comment. This
33 time shall not include time spent by the presenter responding to questions posed by
34 Board members, staff or board counsel. The chair of the Board may extend the time
35 to provide comment if time permits.
36 (3) Members of the public shall notify board staff in writing of his or her interest to be
37 heard on a proposition or matter before the Board. The notification shall identify the
38 person or entity, indicate support, opposition, or neutrality, and identify who will
39 speak on behalf of a group or faction of persons consisting of five (5) or more
40 persons. Any person or entity appearing before the Board may use a pseudonym if he

36 **• 460.403, F.S. – Definitions**
37

38 **460.403 Definitions.**--As used in this chapter, the term:

- 39 (1) "Approved program" means a program for the education of certified chiropractic
40 physician's assistants, which program has been formally approved by the board.
41 (2) "Board" means the Board of Chiropractic Medicine.
42 (3) "Certified chiropractic physician's assistant" means a person who is a graduate of an
43 approved program or its equivalent and is approved by the department to perform
44 chiropractic services under the indirect supervision of a chiropractic physician or group
45 of physicians certified by the board to supervise such assistant. An approved chiropractic

1 physician or group of physicians may indirectly supervise more than one certified
2 chiropractic physician's assistant.

3 (4)(a) "Community-based internship" means a program in which a student enrolled in the
4 last year of a chiropractic college accredited by the Council on Chiropractic Education is
5 approved to obtain required pregraduation clinical experience in a chiropractic clinic or
6 practice under the direct supervision of a doctor of chiropractic medicine approved as an
7 adjunct faculty member of the chiropractic college in which the student is enrolled,
8 according to the teaching protocols for the clinical practice requirements of the college.

9 (b) "Chiropractic college clinical internship" means a program in which a student
10 enrolled in a chiropractic college located in this state and accredited by the Council on
11 Chiropractic Education obtains clinical experience pursuant to the chiropractic college's
12 curriculum in a classroom or chiropractic clinic operated by the chiropractic college,
13 according to the teaching protocols for the clinical practice requirements of the college.

14 (5) "Chiropractic physician" means any person licensed to practice chiropractic medicine
15 pursuant to this chapter.

16 (6) "Department" means the Department of Health.

17 (7) "Direct supervision" means responsible supervision and control, with the licensed
18 chiropractic physician assuming legal liability for the services rendered by a registered
19 chiropractic assistant or a chiropractic student enrolled in a community-based intern
20 program. Except in cases of emergency, direct supervision shall require the physical
21 presence of the licensed chiropractic physician for consultation and direction of the
22 actions of the registered chiropractic assistant or a chiropractic student enrolled in a
23 community-based intern program. The board shall further establish rules as to what
24 constitutes responsible direct supervision of a registered chiropractic assistant.

25 (8) "Indirect supervision" means responsible supervision and control, with the licensed
26 chiropractic physician assuming legal liability for the services rendered by a certified
27 chiropractic physician's assistant. Except in cases of emergency, indirect supervision
28 shall require the easy availability or physical presence of the licensed chiropractic
29 physician for consultation and direction of the actions of the certified chiropractic
30 physician's assistant. The board shall further establish rules as to what constitutes
31 responsible indirect supervision of the certified chiropractic physician's assistant.

32 (9)(a) "Practice of chiropractic medicine" means a noncombative principle and practice
33 consisting of the science, philosophy, and art of the adjustment, manipulation, and
34 treatment of the human body in which vertebral subluxations and other malpositioned
35 articulations and structures that are interfering with the normal generation, transmission,
36 and expression of nerve impulse between the brain, organs, and tissue cells of the body,
37 thereby causing disease, are adjusted, manipulated, or treated, thus restoring the normal
38 flow of nerve impulse which produces normal function and consequent health by
39 chiropractic physicians using specific chiropractic adjustment or manipulation techniques
40 taught in chiropractic colleges accredited by the Council on Chiropractic Education. No
41 person other than a licensed chiropractic physician may render chiropractic services,
42 chiropractic adjustments, or chiropractic manipulations.

43 (b) Any chiropractic physician who has complied with the provisions of this chapter may
44 examine, analyze, and diagnose the human living body and its diseases by the use of any
45 physical, chemical, electrical, or thermal method; use the X ray for diagnosing;

1 phlebotomize; and use any other general method of examination for diagnosis and
2 analysis taught in any school of chiropractic.

3 (c)1. Chiropractic physicians may adjust, manipulate, or treat the human body by
4 manual, mechanical, electrical, or natural methods; by the use of physical means or
5 physiotherapy, including light, heat, water, or exercise; by the use of acupuncture; or by
6 the administration of foods, food concentrates, food extracts, and items for which a
7 prescription is not required and may apply first aid and hygiene, but chiropractic
8 physicians are expressly prohibited from prescribing or administering to any person any
9 legend drug except as authorized under subparagraph 2., from performing any surgery
10 except as stated herein, or from practicing obstetrics.

11 2. Notwithstanding the prohibition against prescribing and administering legend drugs
12 under subparagraph 1. or s. 499.01(2)(m), pursuant to board rule chiropractic physicians
13 may order, store, and administer, for emergency purposes only at the chiropractic
14 physician's office or place of business, prescription medical oxygen and may also order,
15 store, and administer the following topical anesthetics in aerosol form:

16 a. Any solution consisting of 25 percent ethylchloride and 75 percent
17 dichlorodifluoromethane.

18 b. Any solution consisting of 15 percent dichlorodifluoromethane and 85 percent
19 trichloromonofluoromethane.

20
21 However, this paragraph does not authorize a chiropractic physician to prescribe medical
22 oxygen as defined in chapter 499.

23 (d) Chiropractic physicians shall have the privileges of services from the department's
24 laboratories.

25 (e) The term "chiropractic medicine," "chiropractic," "doctor of chiropractic," or
26 "chiropractor" shall be synonymous with "chiropractic physician," and each term shall be
27 construed to mean a practitioner of chiropractic medicine as the same has been defined
28 herein. Chiropractic physicians may analyze and diagnose the physical conditions of the
29 human body to determine the abnormal functions of the human organism and to
30 determine such functions as are abnormally expressed and the cause of such abnormal
31 expression.

32 (f) Any chiropractic physician who has complied with the provisions of this chapter is
33 authorized to analyze and diagnose abnormal bodily functions and to adjust the physical
34 representative of the primary cause of disease as is herein defined and provided. As an
35 incident to the care of the sick, chiropractic physicians may advise and instruct patients in
36 all matters pertaining to hygiene and sanitary measures as taught and approved by
37 recognized chiropractic schools and colleges. A chiropractic physician may not use
38 acupuncture until certified by the board. Certification shall be granted to chiropractic
39 physicians who have satisfactorily completed the required coursework in acupuncture and
40 after successful passage of an appropriate examination as administered by the
41 department. The required coursework shall have been provided by a college or university
42 which is recognized by an accrediting agency approved by the United States Department
43 of Education.

44 (10) "Registered chiropractic assistant" means a person who is registered by the board to
45 perform chiropractic services under the direct supervision of a chiropractic physician or
46 certified chiropractic physician's assistant.

(11) "Trainee" means a person who is currently enrolled in an approved program.

- **460.406, F.S. – Licensure by examination (New Zealand College of Chiropractic – Accreditation Issues)**

460.406 Licensure by examination.—

(1) Any person desiring to be licensed as a chiropractic physician must apply to the department to take the licensure examination. There shall be an application fee set by the board not to exceed \$100 which shall be nonrefundable. There shall also be an examination fee not to exceed \$500 plus the actual per applicant cost to the department for purchase of portions of the examination from the National Board of Chiropractic Examiners or a similar national organization, which may be refundable if the applicant is found ineligible to take the examination. The department shall examine each applicant who the board certifies has:

(a) Completed the application form and remitted the appropriate fee.

(b) Submitted proof satisfactory to the department that he or she is not less than 18 years of age.

(c) Submitted proof satisfactory to the department that he or she is a graduate of a chiropractic college which is accredited by or has status with the Council on Chiropractic Education or its predecessor agency. However, any applicant who is a graduate of a chiropractic college that was initially accredited by the Council on Chiropractic Education in 1995, who graduated from such college within the 4 years immediately preceding such accreditation, and who is otherwise qualified shall be eligible to take the examination. No application for a license to practice chiropractic medicine shall be denied solely because the applicant is a graduate of a chiropractic college that subscribes to one philosophy of chiropractic medicine as distinguished from another.

(d) 1. For an applicant who has matriculated in a chiropractic college prior to July 2, 1990, completed at least 2 years of residence college work, consisting of a minimum of one-half the work acceptable for a bachelor's degree granted on the basis of a 4-year period of study, in a college or university accredited by an accrediting agency recognized and approved by the United States Department of Education. However, prior to being certified by the board to sit for the examination, each applicant who has matriculated in a chiropractic college after July 1, 1990, shall have been granted a bachelor's degree, based upon 4 academic years of study, by a college or university accredited by a regional accrediting agency which is a member of the Commission on Recognition of Postsecondary Accreditation.

1
2 2.Effective July 1, 2000, completed, prior to matriculation in a chiropractic college, at
3 least 3 years of residence college work, consisting of a minimum of 90 semester hours
4 leading to a bachelor's degree in a liberal arts college or university accredited by an
5 accrediting agency recognized and approved by the United States Department of
6 Education. However, prior to being certified by the board to sit for the examination, each
7 applicant who has matriculated in a chiropractic college after July 1, 2000, shall have
8 been granted a bachelor's degree from an institution holding accreditation for that degree
9 from a regional accrediting agency which is recognized by the United States Department
10 of Education. The applicant's chiropractic degree must consist of credits earned in the
11 chiropractic program and may not include academic credit for courses from the
12 bachelor's degree.

13
14 (e)Successfully completed the National Board of Chiropractic Examiners certification
15 examination in parts I, II, III, and IV, and the physiotherapy examination of the National
16 Board of Chiropractic Examiners, with a score approved by the board.

17
18 (f)Submitted to the department a set of fingerprints on a form and under procedures
19 specified by the department, along with payment in an amount equal to the costs incurred
20 by the Department of Health for the criminal background check of the applicant.
21 The board may require an applicant who graduated from an institution accredited by the
22 Council on Chiropractic Education more than 10 years before the date of application to
23 the board to take the National Board of Chiropractic Examiners Special Purposes
24 Examination for Chiropractic, or its equivalent, as determined by the board. The board
25 shall establish by rule a passing score.

26 (2)For those applicants applying for the certification examination who have matriculated
27 prior to July 1, 1996, in a chiropractic college, the board shall waive the provisions of
28 paragraph (1)(c) if the applicant is a graduate of a chiropractic college which has been
29 denied accreditation or approval on the grounds that its curriculum does not include the
30 training in acupuncture necessary for the completion of the certification examination or is
31 a graduate of a chiropractic college where acupuncture is not taught or offered if the
32 college is accredited by or has status with the Council on Chiropractic Education or its
33 predecessor.

34 (3)An applicant for the licensure examination may elect not to take the certification
35 examination to use acupuncture. The department shall, in addition to the licensing exam,
36 offer an examination for certification to use acupuncture. An applicant may elect to take
37 the certification examination at the time of taking the licensure examination. Passage of
38 the certification examination shall not grant any applicant the right to practice
39 chiropractic medicine absent the passage of the licensing examination.

40
41 (4)The department shall submit written notification within 5 working days to applicants
42 who have successfully completed the requirements of paragraphs (1)(a)-(e) and who have
43 successfully passed the state licensure examination. An applicant who is notified in
44 writing by the department of the successful completion of requirements in paragraphs
45 (1)(a)-(e) and who has successfully passed the state licensure examination may lawfully
46 practice pending receipt of the certificate of licensure, and the written notification shall

1 act as evidence of licensure entitling the chiropractic physician to practice for a
2 maximum period of 45 days or until the licensing fee is received by the department
3 whichever is sooner.

4
5 (5)A student in a school or college of chiropractic accredited by the Council on
6 Chiropractic Education or its successor in the final year of the program may file an
7 application pursuant to subsection (1), take all examinations required for licensure,
8 submit a set of fingerprints, and pay all fees required for licensure. A chiropractic student
9 who successfully completes the licensure examinations and who otherwise meets all
10 requirements for licensure as a chiropractic physician during the student's final year must
11 have graduated before being certified for licensure pursuant to this section.

28 • **460.4062, F.S. – Chiropractic medicine faculty certificate**

29
30 (1)The department may issue a chiropractic medicine faculty certificate without
31 examination to an individual who remits a nonrefundable application fee, not to exceed
32 \$100 as determined by rule of the board, and who demonstrates to the board that he or
33 she meets the following requirements:

- 34 (a)Is a graduate of an accredited school or college of chiropractic accredited by the
- 35 Council on Chiropractic Education.
- 36 (b)Holds a valid current license to practice chiropractic medicine in another jurisdiction
- 37 in the United States.
- 38
- 39 (c)Is at least 21 years of age and of good moral character.
- 40 (d)Has not committed any act or offense in any jurisdiction which would constitute the
- 41 basis for discipline under this chapter or chapter 456.
- 42 (e)1.Performs research or has been offered and has accepted a full-time or part-time
- 43 faculty appointment to teach in a program of chiropractic medicine at a publicly funded
- 44 state university or college or at a college of chiropractic located in the state and
- 45 accredited by the Council on Chiropractic Education; and

1 2.Provides a certification from the dean of the appointing college acknowledging the
2 appointment.

3 (2)The certificate shall authorize the holder to practice only in conjunction with his or her
4 faculty position at a university or college and its affiliated clinics that are registered with
5 the board as sites at which holders of chiropractic medicine faculty certificates will be
6 practicing. Except as provided in subsection (4), such certificate shall automatically
7 expire upon termination of the holder's relationship with the university or college or after
8 a period of 2 years, whichever occurs first.

9 (3)The holder of a faculty certificate may engage in the practice of chiropractic medicine
10 as permitted by this section.

11 (4)Notwithstanding subsection (2), a chiropractic medicine faculty certificate is
12 renewable every 2 years by a holder who applies to the board on a form prescribed by the
13 board and who continues to satisfy the requirements set forth in subsection (1).

28 (1) A professional of any other state or of any territory or other jurisdiction of the United
29 States or of any other nation or foreign jurisdiction is exempt from the requirements of
30 licensure under this chapter and the applicable professional practice act under the agency
31 with regulatory jurisdiction over the profession if that profession is regulated in this state
32 under the agency with regulatory jurisdiction over the profession and if that person:

33 (a) Holds, if so required in the jurisdiction in which that person practices, an active
34 license to practice that profession.

35 (b) Engages in the active practice of that profession outside the state.

36 (c) Is employed or designated in that professional capacity by a sports entity visiting the
37 state for a specific sporting event.

38 (2) A professional's practice under this section is limited to the members, coaches, and
39 staff of the team for which that professional is employed or designated and to any
40 animals used if the sporting event for which that professional is employed or designated
41 involves animals. A professional practicing under authority of this section shall not have
